SPINE SURGERY SOCIAL

NOVEMBER 28, 2019, 7:30 PM

BRAINLAB HEADQUARTERS, OLOF-PALME-STR. 9, MUNICH

Brainlab invites you to an evening focused on Digital Spine Surgery. Enjoy delicious food, engaging conversation and a glimpse at the newest additions to our spine surgery portfolio.

Meet our compact Cirq Surgical Robot, which simplifies spinal fusion by freeing up the surgeon's hands during procedures. Discover Loop-X, our brand new mobile imaging robot that transforms surgery in 2D and 3D with unprecedented positioning flexibility and autonomous movement. Enter an augmented world to visualize and interact with patient images and data in hyper-realistic 3D with Mixed Reality Viewer and Magic Leap One head-mounted display. We're thrilled to show you our vision for the future of spine surgery.

7:30 PM Welcome Reception

Experience Mixed Reality in the SpaceLab & Brainlab Academy and get hands-on demonstrations of Cirq and Loop-X in the Brainlab Clinic.

8:00 PM – 9:00 PM Dinner

All attendees are invited to a delicious dinner at the award-winning Brainlab Restaurant. With an array of dishes, there will be something to satisfy every taste.

9:00 PM – 12:00 AM Dessert & Social

Cap off the evening with some great conversation over dessert and drinks. Enjoy the relaxed atmosphere and the sparkle of Munich by night from the top of the Brainlab Tower.
